#### THE SAFE PERSONAL ALARM BRINGS YOU **SAFETY, PROTECTION & PEACE OF MIND**

Safety experts and police both agree that all women and children should carry a Safe Personal Alarm with them at all times. It has been proven to be extremely effective in fending off attacks from even the most vicious criminals. As a result, millions of American women and children all over the country are now protecting themselves with a Safe Personal Alarm.

#### **SUITABLE FOR EVERYONE**

- Requires no training or skill to operate, and can be used by anyone regardless of age or physical ability
- Both women and men find peace of mind with the Safe Personal Alarm
- The perfect defense mechanism to prevent kidnappings and abductions of young children and teenagers

#### **MOST EFFECTIVE DEFENSE**

- Loud: 125dB ear-piercing panic alarm that startles and scares away attackers
- Proven to be more effective than mace or pepper spray as a defense tool
- Also commonly used by seniors as an alert device to call for help in case of falling

#### **SUPER EASY TO USE**

- Simply pull the pin, and this ear-piercing alarm will activate for up to a half hour of continuous sound
- Plug the pin back in to stop the alarm. (Can be re-used over and over again)
- Easily attaches to keys, purses, backpacks or belts
